**APPELLANT INQUIRY ON BOARD ORDER RETURNING UNDOCKETED  
APPEAL TO PTO PRIMARY EXAMINER T.J. CRIARES**

Sirs:

The above-identified application is a subject of an undocketed appeal in which all of the briefs and PTO Answer are already of record. The Honorable Board, on October 6, 2002, returned this cause to the Primary Examiner for the Office to supply to the Board, a complete translation of the earlier relied upon Lotte reference (JPL-61927) set forth in the Examiner's Answer. With a lapse of four plus months, this step has presumably been taken by the Primary Examiner.

In either event, if the Examiner has complied. He has failed to copy the Appellant with a copy of the translation required by the Board. Fundamental fairness calls for the Examiner to do so. The Board is requested to direct the Primary Examiner to supply a photocopy of his submission to the Appellant, and any supplemental Answer.

In the event the Examiner has yet to do so, Appellant asks that the Honorable Board direct prompt compliance with the Board mandate, and to copy the appealing party on any such submission to the board submission.

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received at the Board of Patent Appeals and Interferences on September 24, 2003. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

We were unable to locate a complete copy of a translation for the Lotte reference (JP7-61927) relied on by the examiner in the Examiner's Answer (Paper No. 11, mailed April 23, 2003).

Application No. 09/989,019

Accordingly, it is

**ORDERED** that the application is returned to the Examiner to place a complete copy of the missing translation for the Lotte reference in the administrative file, and for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the appeal (i.e., abandonment, issue, reopening prosecution).
